Old Business:

Adhoc League Restructuring Committee:

The Board ask members of the committee to come up with possible League Restructure scenarios.

Chair: Tom DaParma

20+ members

The committee submitted their proposal and the following recommendations were adopted for the Fall Season:

- The # of teams in each league driven by registration
- Waterfall draft process
- Community Rec League (CRL) created
- Players know their ratings.

Club Rating Committee:

Chair: OPEN

Members of Committee:

Joe Scheper, Ed Eswein, Darren Allen, Tom Battaglia, Joe Bullock, Rick Lobue, Rich Matera, Bob Black

Appeal Process:

1. A player must have played in the majority of games in any league in the most recently completed season in order to appeal their rating.
2. A written appeal must be submitted to the appropriate league Competition Committee. The specific criteria/s (hitting, fielding, throwing, running) for adjustment must be explained in detail. The appealing player needs to reference the Sun City Softball Club Numerical Rating Criteria rubric and cite the specific language that applies.
3. The appropriate league Competition Committee will review the appeal and either a. make a determination to change the rating, and advise the player, or b. forward the appeal to the Club Ratings Committee.
3. The Club Ratings Committee will review the appeal and either a. schedule the player for a ratings day, or b. determine that no adjustment will be made to the current rating.

Hats:

The original intention with the Hats and Visors was a full member would be issued one per year and it would be utilized for the entire year. The hats cost \$12 each and the Visors \$14.

Hats are a large ticket item for the club. If everyone were issued 1 per season your annual membership fee would basically cover your hat only.

The Visors have held up well and are washable. The Hats, are showing signs of wear with the black brim fading.

If you are interested in buying a new hat we will establish a process for you to do this.
